

## Chambers Global Practice Guides: Litigation 2022

Dear valued clients, colleagues and friends,

Our [Dispute Resolution](#) partners, [Dhinesh Bhaskaran](#), [Datin Jeyanthini Kannaperan](#), [Rabindra S. Nathan](#) and [K. Shanti Mogan](#), have co-authored the Malaysian **Law and Practice** and **Trends and Developments** chapters in the *Chambers Global Practice Guide: Litigation 2022*.

The Law and Practice chapter covers topics such as litigation funding, initiating a lawsuit, pre-trial proceedings, discovery, injunctive relief, trials and hearings, settlement, damages and judgment, appeals, costs, alternative dispute resolution (ADR), arbitration and the impact of Covid-19.

Our partners also discuss the trends and developments in Malaysia, which have largely been sparked or accelerated by Covid-19. Topics covered include vaccines, Covid-19 legislation, online fraud, online marketplaces, liquidated damages, cryptocurrency and corporate criminal liability.
